Introducing the new boy on the block!

Looking for a no-nonsense, reliable workhorse at an affordable price? Look no further than the new LF400-ST. After four years of testing and development work, the world's largest motorcycle engine manufacturer has really hit the nail on the head. Starting the powerful water-cooled engine is at the push of a button (with pull start back-up). Fully independent suspension and strong disc brakes front and rear, really allow you to tackle the big jobs with confidence. Lifan's state of the art modern factories have produced the best value for money ATV available in New Zealand today. Attention to detail is superb with an electric winch and a 12V power outlet as standard features.

So why buy an overpriced brand name when a Lifan is as good as gold! See your Lifan dealer today and be prepared to be impressed.

Get a Life, Get a Lifan!
